

Cockburn Laurence Calvert Academy

Phase 1 (Temporary Site) Planning Application

We are writing to let you know that a planning application will soon be submitted for the development of a new school in a temporary location on the land to the south of the St George's Centre, to the west of St George's Road in Middleton. The school will be the new Cockburn Laurence Calvert Academy, a secondary school that is a member of the Cockburn Multi-Academy Trust. The site will be the temporary home of the school for up to two years (Phase 1) whilst the new permanent school building is built at a nearby site close to Middleton Leisure Centre, at the location of the former Middleton High School that was most recently used by the Council's highway service. The school will then move from the temporary site into its permanent home (Phase 2), and the temporary site will be returned back to open space. The school is needed to tackle the shortfall of local secondary school places for our young people. Work on the permanent building has been delayed, which is why we are seeking a temporary solution to meet this demand for local secondary school places at an earlier date.

Cockburn Laurence Calvert Academy will be a secondary school for Years 7-11 (ages 11-16). Whilst the school is located at the Phase 1 temporary site, it will accommodate up to 420 pupils (210 Year 7 pupils in the first year, and 420 Year 7 & Year 8 pupils in the second year). The Phase 1 school building will be delivered by Portakabin.

At this pre-application stage, the Phase 1 temporary site proposals can be viewed on the school's website, and you can also send us any comments that you would like us to consider. Details are at the bottom of this page.
